

## SELECTED BOOKS AND PAPERS

- Optimal control of econometric models. Problems, developments and an application with a model of the Italian economy, **Metroeconomica** XXXVIII, 1986, 295-315.
- Instrument instability in large scale econometric models, **Giornale degli Economisti**, XLVI 1987, 524-532.
- Different assumptions about fiscal and monetary authority behaviour in an optimal control framework. Experiments with a medium size nonlinear econometric model, **Economic Notes** n.3, 1987, 59-86.
- A note on the control theory framework for policy analysis, **Studi Economici**, XLIII, 1988, 93-104.
- A note on the optimization of economic policy, **Discussion Paper** n. 8810, **University of Southampton**, 1988, 1-15.
- Macroeconomic policy in a coalition system, **Giornale degli Economisti**, XLVII, 1988, 401-426.
- Specifying the objective function, **Rivista Internazionale di Scienze Economiche e Commerciali**, XXXVI, 1989, 623-641.
- Il mercato del lavoro nei modelli macroeconomici. Una rassegna dell'evidenza econometrica nei modelli italiani, **Economia & Lavoro**, XXIII, 1989, 3-24.
- Models with rational expectations: technical issues, **Economic Notes** n.3, 1989, 314-334.
- Un modello econometrico per la funzione di domanda di lavoro per l'industria in senso stretto: una applicazione della tecnica di cointegrazione, (con R. Placidi). In Quintieri B. e Rosati F.C. (a cura di), **Mercato del Lavoro, Disoccupazione e Politiche di Intervento**, F. Angeli, Milano 1991 e in **Economia & Lavoro**, XXV, 1991, 67-79.
- Generalizing the functional form. Some results utilizing the Box-Cox technique with an econometric model of the Italian economy, **Studi Economici**, XLV, 1990, 87-99.
- Trade union membership and the free rider problem: the role of harassment activities, **Labour**, Vol 6, 1992 n.2
- Planned fiscal deficits, consensus and economic policy, **Economia, Società e Istituzioni**, n.3 1992
- Analysis and simulation of a small econometric model of the Italian economy with rational expectations, (Quaderni ISE-Luiss n. 72 1992, 1-150), **Economic Modelling**, Vol. 10, n.4 1993, 348-397.
- Persistence, comovement and common trends: an empirical study of disaggregated Italian output and labour input, **Discussion Paper in Economics and Econometrics**, n. 9317, **University of Southampton** 1993, ed **Economia, Società e Istituzioni**, n.2, 1995, 323-343.
- Politica fiscale, dinamica del tasso di cambio e aspettative, **Politica Economica**, n. 3, 1994, 405-434.
- The exchange rate in a disinflation programme: the role of nominal rigidities, (*Working Papers Dipartimento di Economia Pubblica Università di Roma* n.10, 1996) in **Quaderni di Economia e Finanza**, n.3 1996.
- Disinflation strategy: Italy 1984-1987, **Quaderni del Dipartimento di Scienze Economiche** n.15, **Università di Salerno**, 1996, 1-59.
- The disinflation in the Italian economy in an optimal control setting, **Open Economies Review**, October 1996, Vol. 7, n.4, 391-422.
- Wage setting, wage curve and Phillips curve: the Italian evidence, (co-authored with Paolo Piselli), *Rassegna di Lavori dell'ISCO*, Vol XIII, n.2 1996; *European University Institute, Robert Schuman Centre Working Paper* 1996; e **Scottish Journal of Political Economy**, nov. 1997.
- Cyclicality of real wages and adjustment costs, in **Applied Economics**, 1998, 30, 1239-1250.

- A dynamic union model with pensioners membership, *Working Paper n.22 Dipart. Economia Pubblica Università di Roma "La Sapienza"* e in **Rivista Italiana degli Economisti**, n.2 1997, 147-162.
- Uno schema teorico degli effetti d'annuncio di un programma di politica economica: il caso del Governo Berlusconi nel 1994, in **Rivista di Politica Economica**, novembre 1999.
- Unemployment, wage pressure and sectoral shift: permanent and temporary consequences of intersectoral shocks (con P. Piselli), in **Rassegna di Lavori dell'ISCO**, n.2 1998, 5-40, in **Journal of Policy Modelling**, 22, (7), 2000.
- The composition of union membership: the role of pensioners in the Italian case, **British Journal of Industrial Relations**, dicembre 1999.
- Modelli dinamici del sindacato: estensioni critiche, (co-authored with E. Marchetti), in **Economia Politica**, N.1 2000.
- Identification and dimension of the NAIRU, (co-authored with P. Piselli), 1998, **Economic Modelling**, 2001, Vol. 18.
- La dimensione del NAIRU (con P. Piselli), in **Economia & Lavoro**, N. 3-4, 1999.
- L'equilibrio statico e dinamico del mercato del lavoro in concorrenza perfetta (a primer), 2000, Working Paper, University of Naples, Parthenope.
- A stochastic model of union behaviour and benefits. Did Thatcher's benefit policy increase employment and reduce union power?, 2000, (co-authored with Massimo Giannini), Univers. Torvergata, mimeo, [www.brunochiarini.it](http://www.brunochiarini.it).
- Aggregate fluctuations in a unionized labor market (co-authored with Paolo Piselli, Bank of Italy) **Working Paper n. 2, 2000**, Istituto Studi economici, Istituto Universitario Navale.
- An interpretation of the Solow residual for the Italian economy (with Paolo Piselli), in **Rivista di Politica Economica**, ott.-nov. 2000 and Baldassarri M and B. Chiarini (eds), **Studies in Labour Markets and Industrial Relations**, Palgrave, London 2003.
- L'Equilibrio del mercato del lavoro in concorrenza perfetta, (co-authored with G. Brunello and D. Checchi), in Brucchi Luchino (eds) **Manuale di Economia del Lavoro**, Chapter V, Bologna, Il Mulino, 2001.
- Market and underground activities in a two-sector dynamic equilibrium model (co-authored Francesco Busato), 2002, **Economic Theory** 2004, may, 23, 831-861.
- Il mercato del lavoro nei modelli stocastici di crescita: una rassegna di applicazioni per l'economia italiana, (co-authored Francesco Busato), **Economia Politica**, XX, 101-141, 2003.
- Business cycle, unemployment benefits and productivity shocks (co-authored Paolo Piselli), *mimeo*, University of Naples, Parthenope, 2001. **Journal of Macroeconomics**, December 2005.
- Dimensione e dinamica dell'economia sommersa: un approfondimento del Currency Demand Approach (co-authored E. Marzano), *mimeo*, University of Napoli, Parthenope, 2003 ([www.brunochiarini.it](http://www.brunochiarini.it)). **Politica Economica** 2005.
- Market consumption and hidden consumption. A test for substitutability, *mimeo*, University of Napoli Parthenope 2003 ([www.brunochiarini.it](http://www.brunochiarini.it)). Paper submitted.
- Testing asymmetry in a cointegrated-VAR-based labor demand model: Italian evidence (co-authored P. Piselli), in **Progress in Economics Research**, Vol. 7, 2003, ed. By Albert Tavidze, Nova Publishers: New York.
- Heterogeneity in general equilibrium: the battle of coalitions (co-authored Francesco Busato), in M. Salzano and A. Kirman (Eds.), **Economics: Complex Windows**, Springer-Verlag, 2004.
- Indeterminacy, underground activities and tax evasion (co-authored Francesco Busato and Enrico Marchetti), 2004, University of Aarhus, DK, Working Paper.
- Equilibrium implications of fiscal policy with tax evasion (co-authored Francesco Busato and Guido M. Rey), 2005, University of Aarhus, DK, Working Paper
- Using theory for measurement. An analysis of behavior of underground economy (co-authored Francesco Busato and Vincenzo Di Maro), 2005, University of Aarhus Working paper 2005.

- Market consumption and hidden consumption. A test for substitutability (co-authored Elisabetta Marzano), **Applied Economics**. 2006 vol. 38, pp. 707-716
- Consumption and Income Smoothing, (co-authored Francesco Busato; Elisabetta Marzano), forthcoming, **Applied Economics**. 2007.
- The Non-Market Sector in Europe and in the United States: Underground Activities and Home Production, (co-authored Francesco Busato) In: T. NAGAKAWA. (ed) **Business Fluctuations and Cycles**. forthcoming NOVA-Publisher, New York, 2007.
- Underground Employment and Unions. Is there a Relationship? Evidence for Italy, (co-authored Elisabetta Marzano), mimeo, 2007.
- Evasione fiscale e sommerso economico in Italia: Fatti stilizzati, differenze tra periodi, e puzzles (co-authored Elisabetta Marzano), forthcoming, **Moneta e Credito** 2007.
- State Aid Policies and Underground Activities, (co-authored F. Busato, P. De Angelis, E. Marzano) SSRN Paper 2007, <http://ssrn.com/abstract=986282>, and in University Aarhus Working Paper 2005 with title, Capital Subsidies and the Underground Economy.
- Structural and Cyclical Patterns of Underground Labour Input in Italy (co-authored Elisabetta Marzano), SSRN Paper 2007
- The Economic Consequences of Population Growth in Italy: From the 13th Century to 1900: A Discussion on the Malthusian Dynamics, SSRN Paper 2007, <http://ssrn.com/abstract=1019035>
- Why do underground reducing policies fail the scope?, (co-authored Marco Di Domizio, Elisabetta Marzano, 2007, mimeo, University of Naples Parthenope.

Several recent papers can be found on [www.brunochiarini.it](http://www.brunochiarini.it)
